Total items listed in this report: 408

Style Notes: 1. Ledger #1 (marked "2141 to 3043") pages 81 and 82 (part of June 1915) are missing.

2. Serial numbers from 1911 through 1941 are often underlined in blue or red, or both. Blue seems to indicate a repaired instrument; red a PianOrchestra. In database reports blue or red underlining is shown in black, but with underlining color(s) represented at the right of the serial number. Variations are (1) "b" for blue, (2) "r" for red, (3) "br" for blue over red, (4) "rb" for red over blue, and (5) "bb" for blue over blue. In 1942 and 1943 underlining was no longer used, but the database editor added a "u" suffix (instead of "b") signifying organs being repaired during these years.

3. Semicolons (;) separate individual items in notations; periods are absent unless present in the source text.

4. The original ledger material has been slightly edited and obvious spelling and location errors corrected, but in all instances the original intent has been preserved. Otherwise the reader would be confronted with an endless number or annoying (sic) notations.

[---Serial Numbers---]			Remodeled / Rebuilt From	Finish	Date Shipped	Ledger #-Pg
Piano	Philipps	U	Style			
<u>15017</u>	<u>2712</u>	r	17 PianOrchestra	Weathered Oak	4/21/1912	Ledger 1-5
Customer: Aronson & Browne; Raleigh, N. Car.						
Notations: New style #17						
Editor Comments: This entry is a combination of two separate items, both identical except that the primary item has only a Wurlitzer serial number, while the latter brief mention has only a Philipps serial number and is not dated, and it is shown separately on an otherwise blank page at the end of the ledger. It is presumed that the later style 17 mention was added to record the Philipps S/N after the primary entry had already been entered, but inserted at the ledger's end without taking the time to search through the ledger to find and annotate the primary entry.
