Journal information courtesy of Q. David Bowers and the Archives Department, Smithsonian Institute

Total items listed in this report: 394

- Style Notes:
1. The de Kleist Journal starts on page 1, dated Tuesday, January 6, 1903, and begins with the heading: "The de Kleist Musical Instrument Manufacturing Company begins business with the following."
 2. An asterisk (*) after a serial number flags the item as being a first instance or occurrence within the ledger/database.
 3. The dagger (†) after a style description flags an item whose model related information has been copied from elsewhere in the Journals or from the Wurlitzer 10,000 series ledger.
 4. The "Destination" line, if present, follows this format: "Customer Name" (if any given); plus the "Ship to Name" (if any given); plus City and State (if any given). If no destination data is provided this line will not be present.
 5. The original ledger material has been slightly edited and obvious spelling and location errors corrected, but in all instances the original intent has been preserved. Otherwise the reader would be confronted with an endless number or annoying (sic) notations.

S/N	Style Name and/or Type	Case Finish	Price	Ledger Date	Pg. #
147	18 Band Organ - 41 Keys - Repaired Customer: Keppler & Chambers; Brookville, Ohio Notations: Repairing organ 147 - 41 Key.
